# Welcome!

Dear Parents,

Welcome to the 2018 season of Camp Gan Israel! Whether this is your first summer or you have been with us before, we are delighted that you are joining us. The counselors and staff at Camp Gan Israel are eager to greet your child and share our new and exciting programs.

At Camp Gan Israel, your child will have the opportunity to bond with other children of the same age in a friendly and relaxed camp setting. During each day, the campers participate in activities, games, songs, laughter, and plenty of camp spirit. A busy and well-rounded schedule awaits your child. Our counselors are wonderful role models who create meaningful and loving friendships with the campers.

In this booklet you will find useful information on schedules, policies, and regulations. Our full folder of policies is available upon request. Camp Gan Israel is fully licensed by the State of CT and is also accredited by the American Camp Association. Accreditation by the ACA is dependent on meeting very high standards in safety, programming, staff training, and risk management. You can be confident that at CGI, the staff will always put an emphasis on the safety and well-being of your child.

We are certain that all of our programming, as well as the warmth, spirit, and Jewish pride we impart, will add up to a wonderful camp experience for your child!

We look forward to greeting you soon,

## SWIMMING

CGI swims at the JCC of Greater New Haven. Swim days vary by week—please see our calendars for specific days. All swim activities are supervised by Red Cross-certified lifeguards and instructors. Our Head Lifeguard is Syndi Garay, who has worked with our campers for the past several summers. At all times, proper lifeguard to camper ratios are maintained. Counselors accompany the children to the pool and provide additional supervision. Each group is allotted one hour of pool time. Half of the time is free swim; the other half is instructional swim.

**Mini Gan Izzy:** Campers participate in on-site water activities every day, weather permitting. The Adventurers group ONLY joins the upper camp for swimming, once weekly (see calendar for specific days).

When CGI uses public facilities with pools (JCC, Club Getaway), CGI ensures that the staff includes lifeguards and personnel with proper certification and training. A safety orientation is always provided for the campers.

## TRANSPORTATION

Campers ride on school buses provided by Durham Bus Company. The bus drivers and bus company are licensed, insured, and informed of our safety and accident procedures and transportation requirements. If available, seat belts must be worn. Campers must remain seated while the bus is in motion. Campers' health information and important numbers are with the staff on all trips. A complete file of our transportation policies and accident procedures is available upon request.

## GENERAL POLICIES

**PERSONAL PROPERTY** Camp assumes no responsibility for loss/damage to personal property, including sports equipment and vehicles. We provide everything the campers may need for all of their activities and special programs. ABSOLUTELY NO alcohol, drugs, or weapons of any kind will be allowed on camp grounds. No animals or pets may be brought to camp. Personal vehicles may not be used for transportation of campers, except with written consent of parents. Camp reserves the right to conduct searches when we feel necessary.

**NO SMOKING** Please be advised that there is no smoking on camp grounds.

## HEALTH CARE & TREATMENT PROCEDURES

Screening of all health records is done by the camp directors prior to the beginning of camp. Records are screened to learn of any medications, allergies, special requirements, and illnesses. A chart with any important findings is distributed to staff during training. All of our medical routines have been reviewed and approved by our camp physician, Dr. Robert Kinstlinger.

All of our staff is trained in first aid, and most of our staff is trained in CPR.

Health charts, emergency information, and first aid supplies are kept accessible to staff at all times, on and off site, including on buses.

The closest hospital, mental care facility, fire station, and police department were notified of the dates, location, and number of participants in our program.

In case of emergency, we contact 911. Staff has been trained in emergency and accident procedures. Chain of communication in emergencies: 911 → Directors → Parents (if unavailable, Emergency Contact) → Camp Physician.

In non-emergency situations, a camp director will contact parents immediately if campers are ill or injured and will require further medical care. We encourage parents to pick up the campers and bring them to their own doctors. Campers will remain in our first aid area until parent arrival.

For medical injuries not requiring further medical treatment, camp provides first aid. Parents are contacted by a camp director who will inform them of steps taken. All incidents are recorded in our health log, which is reviewed weekly by our camp physician.

Our First Aider is Mindy Sonet, RPh. She will respond to any medical issue that requires treatment for which she has been trained. Rabbi Wilhelm has received medication administration training, and he will be the only one to administer any medication (in the event of an allergic reaction only) with prior parental permission. All medication must be in original box and clearly marked with camper's name. A separate note containing dosage instructions and parent's signature must be sent as well.

A full file of all of our policies is available upon request.
